

Restaurant Management System

“The Concept”

Do what you do so well that they will want to see it again and bring their friends and family.

-Walt Disney (Walt Disney)

You can't expect your employees to exceed the expectation of your customers if you don't exceed the employee's expectations of management.

-Howard Schultz (Starbucks)

Expodine

Expodine is a complete restaurant management software designed to make the process of managing your restaurant not just easy, but entertaining as well. It not only helps in providing a wonderful dining experience to your customers but also makes the life of you and your customers a whole lot easier.

The customers get to access the menu and place their order without having to wait for the steward. For easy navigation, the digital/eMenu lists the dishes using images, ingredients, and nutritional values under separate categories.
